LLCC offers higher ed at a lower cost.

Highest earnings at lowest cost

Students who complete an associate degree at a community college, transfer to a four-year public university and complete a bachelor's degree within six years report the highest earnings and lowest cost of education. – The Center for Analysis of Postsecondary Education and Employment

"I'm studying computer science and paying for my own education, so every dollar matters. At LLCC, I'm learning from dedicated, high-quality professors — and when it's time to transfer, I'll be ready for university, both academically and financially."

- JACKSON DOUR

According to a Lumina Foundation-Gallup Confidence in Higher Education survey, June 2-15, 2025, **Americans are more confident in two-year institutions** across all factors measured. At the top of the list are confidence in:

- Providing an affordable education.
- Providing an education that is worth the cost.

impact

Helping others through health care

llcc.edu/healthcare

"LLCC Nursing is one of the best in the state. One big factor is how you can learn from all the instructors' specialties — cardiac, ICU, psychology — every aspect of nursing. Also, CNA is crucial to a nursing program. Some other programs don't require it, but these are key skills a nurse should have."

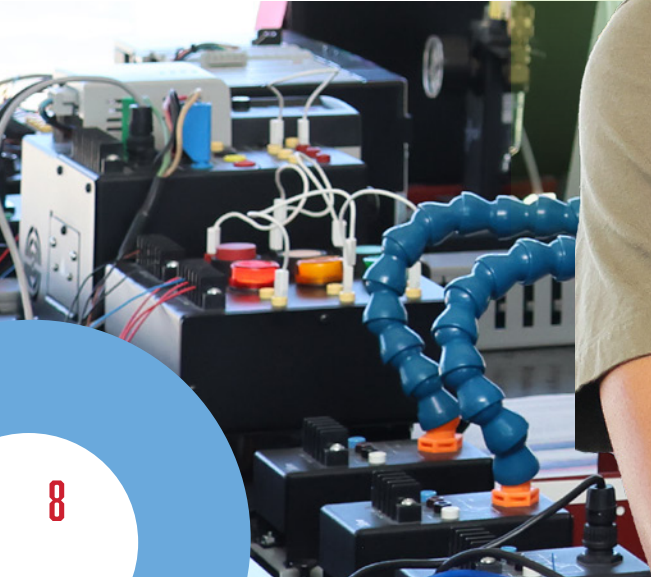

- BRANDY BROADDUS

- Central Sterile Service Technician
- CNA to Clinical Medical Assistant Bridge
- Dental Assistant
- ECG Technician
- Emergency Medical Services (Paramedic, A-EMT, EMT, EMR)
- Exercise & Sports Science
- Fire Science
- Massage Therapy
